Supply.
Support.

Following years of dedicated research, AIC have established a portfolio of products designed specifically for the challenging marine environment. Covering the entire scope of chemical requirements, AIC are in a unique position to offer a cost effective, direct supply solution to all types of vessels.

Product Range

Boiler & Cooling Water Treatments
Surface Cleaning and Treatment
Equipment Maintenance
Corrosion Prevention/Surface Coatings
Ballast Water Treatment
Potable Water Treatment
Janitorial
Food and Catering

Boiler & Cooling Water Treatments

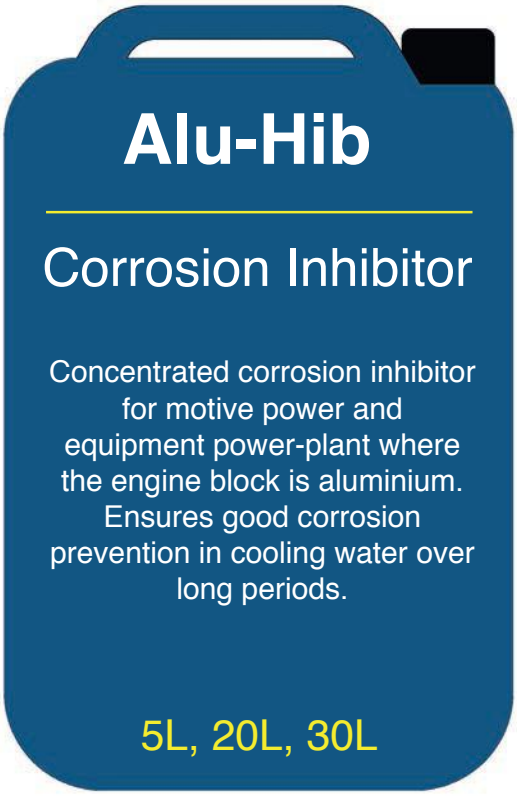

Cool-Hib

Corrosion Inhibitor

Concentrated and very effective multi-metal corrosion inhibitor for use with all water-cooled motive power engines and equipment power-plants. Ensures good corrosion prevention in cooling waters over long periods

5L, 20L, 30L

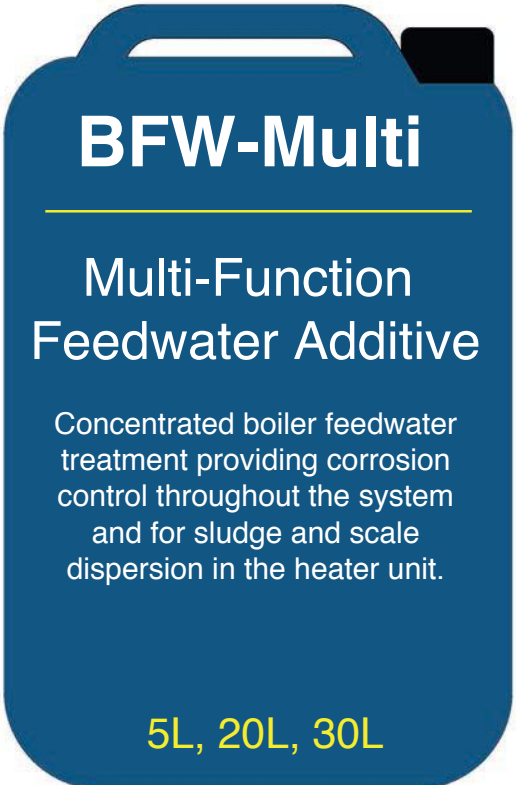

Alu-Hib

Corrosion Inhibitor

Concentrated corrosion inhibitor for motive power and equipment power-plant where the engine block is aluminium. Ensures good corrosion prevention in cooling water over long periods.

5L, 20L, 30L

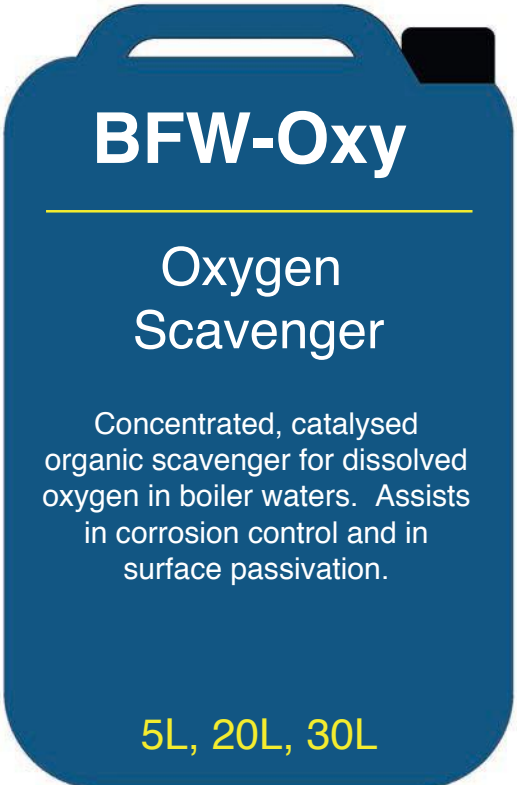

BFW-Multi

Multi-Function Feedwater Additive

Concentrated boiler feedwater treatment providing corrosion control throughout the system and for sludge and scale dispersion in the heater unit.

5L, 20L, 30L

BFW-Oxy

Oxygen Scavenger

Concentrated, catalysed organic scavenger for dissolved oxygen in boiler waters. Assists in corrosion control and in surface passivation.

5L, 20L, 30L

Surface Cleaning / Treatment

Sonic

General Cleaner

General deck, bulkhead and gangway cleaner. This product offers excellent cleaning and degreasing performance with a good range of dilutions depending on the level of soiling.

5L, 20L, 30L

ER Degreaser

Solvent degreaser

Handles heavy and weathered grease, oil and dirt. Rinses easily and freely with water - rinsings rapidly split in oil-interceptor tanks to allow clean water discharge and collection of oily soiling for later disposal.

5L, 20L, 30L

Alu-Brite

Stain Remover

Brightener and stain remover for aluminium surfaces. Low toxicity surface treatment for aluminium and alloy surfaces, removes tarnishes, dulling and finger marks to leave a smooth, bright surface.

5L, 20L, 30L

De-Salt X

Rinsing Additive

Promotes rapid release of chlorides and other soluble salts from steel surfaces. Ideal pre-paint metal surface wash. Prevents salt/ rust blistering of paint coatings

5L, 20L, 30L

Equipment Maintenance

AC-Clean

Air cooler module cleaner

Concentrated, water-dispersible product rapidly removes dust, oil-fuel and greasy carbon deposits from surfaces. Restores working efficiency and may be safely used while running - no strip down required.

5L, 20L, 30L

Centri-Clean

Centrifugal separator cleaner

Removes heavy deposits which form on fuel and lube oil centrifugal separators. May be used by soaking, circulation or spraying. Can allow effective cleaning without separating the separator discs from the stack.

5L, 20L, 30L

Fuel-Cide

Fuel-Tank Biocide Additive

Concentrated water-soluble product separates into lower water layers, preventing microbial growth including SRB. Actively prevents microbially induced corrosion which can lead to tank / pipe failures, filter blocking due to slimes etc.

5L, 20L, 30L

Corrosion Prevention / Surface Coatings

RC Wash

Rust Converter

Converts rust into a stable inert film, extending the period of time before application of primer. Non-flammable and water rinsable eliminating most of the common hazards and problems.

5L, 20L, 30L

Con-Vert OI

Steel Primer

Fast and effective product provides stabilisation and protection. Works easily in moist conditions without requiring dry surfaces. Easily over coated with most single-pack topcoats.

5L, 20L, 30L

Protex F

Surface De-water

Rapidly de-waters metal surfaces and protects electrical connections against shorting in damp environments. Effectively protects against salt encrustation and provides penetrating lubrication to small or intricate mechanisms

5L, 20L, 30L

Protex W

Wax-film protective

Tough waxy flim provides good long-term protection of steel, etc. Easily recoatable as required and easily removable for maintenance purposes.

5L, 20L, 30L

Ballast Water Treatments

Potable Water / System Treatments

PW Stabiliser

Scale and Corrosion controller

Prevents "red water" syndrome and controls corrosion in pipeline and systems handling softened or evaporator water.

5L, 20L, 30L

PW Tank-Chlor

Surface steriliser

Concentrated product with easy use calculation for shock-dose treatment before returning potable water tanks and facilities to use after repair and maintenance.

5L, 20L, 30L

PW Chlor 5

Potable Water Treatment

Specially designed for potable-water dosing using automatic equipment. Standardised delivery concentration eliminates adjustment issues.

5L, 20L, 30L

PW Tank-Dechlor

Chlorine-killer

Concentrated and effective product, when used as directed "kills" available chlorine instantly, allowing safe disposal of chlorine treated waters to sewage plant or to sea. Easy estimation feature based on measured residual chlorine.

5L, 20L, 30L

Janitorial (Top Sellers)

Reflect
Window and mirror cleaner

Lift
Multi-purpose hard-surface cleaner

Bouquet
Non-flammable air freshener

Sheen
Clean & Shine spray polish

Multi-Surface
Solvent-foam cleaner for painted and plastic surfaces

Lem-Pex
Citrus cleaner and degreaser

Sani-Fresh
Scale-removing toilet cleaner

Lem-Fresh
General disinfectant and light-duty cleaner

Dy-Gest
Biological digester for kitchen/ toilet waste tanks & drains

Bi-Tex
Low-foam liquid laundry detergent

Sof-Tex
Laundry fabric softener

A-Zyme
Enzymatic digester for “biological” stains on carpets and laundry

X-Tract
Liquid additive for extractor-type carpet cleaning machines

Food & Catering (Top Sellers)

Bac-Wipe MP
Sanitising non-woven wipes for surfaces, temperature probes, etc

Commander
Grease cutter detergent

De-Carb Gel
Oven & griddle cleaner & burnt fat remover

Germi-Clean
General purpose surface cleaner and sanitiser

Wonder
Bactericidal, manual-use detergent for crockery, etc

Freshness
Detergent for pots, pans, tray-soaking and general use

Sparkle
Heavy-duty cleaner for auto-dosing dishwashers

Sparkle Powder
Heavy-duty cleaner powder for dishwashers with manual dosing

Rinse-Away
Final rinse additive for dishwashers

Calcium Hypo Tabs
Water sterilising tablets

Last Word
Post-clean sanitising rinse and fridge/ freezer sanitiser

Steri-Hands Wipe
Personal hand-sanitising wipes
